Laser-Etched Ornaments | The Nutcracker Ballet

Our Laser-Etched Ornaments are available in 1/8" Oak and Colored Acrylic. The Oak ornaments are 4-3/4" in diameter and the Colored Acrylic ornaments are 4" in diameter. As wood is a natural material, there are naturally occurring variations in coloring and grain patterns; because of this, no two products are exactly alike. Our acrylic ornaments are made from clear 1/8" thick acrylic that has been painted on one side. Choose to buy our products as shown or add your own custom text for FREE! Custom text on our Laser-Etched Ornaments is limited to 40 characters due to space limitations. Each ornament is available in each of the colors shown below:

Snow Globe Ornaments | The Nutcracker Ballet

Our Snow Globe Ornaments are a new design exclusive to Ballet Gift Shop. We've adapted some of our most popular laser-etched ornament designs to fit inside a small "snow globe" ornament. Each ornament is made of 3 layers of clear 1/8" thick acrylic with the middle layer painted with the color of your choice. In place of artificial snow, sparkly faceted beads in a complementary color can float around inside the ornament when moved. The ribbon strung through the top and the stunning 1-1/3" acrylic jewel dangling at the bottom of each ornament hold everything together. Perhaps the most exciting part about these ornaments is that they can be customized on BOTH sides! This means extra space to engrave your personalized message! As with most of our other products, the addition of custom text on these ornaments is absolutely free! *Note: There is no liquid inside these ornaments. Not suitable for children under age 3.*
